

JAKE MOLINAR

Django Developer

(505) 238-1757

jakemolinar@gmail.com

PROFILE

As an entry-level Django developer, I bring a strong foundation in web development and programming principles. I have experience working with Django, Python, HTML, CSS, and JavaScript, and I am dedicated to constantly improving my skills and staying up-to-date with the latest technologies. My ability to quickly learn new programming languages and tools, combined with my strong problem-solving and analytical skills, make me a valuable asset to any development team.

I am passionate about creating clean, efficient, and user-friendly code, and I am committed to delivering high-quality work that meets the needs of clients and users. I work well as part of a team, and I am eager to collaborate with others to bring ideas and projects to life. I am confident in my ability to contribute to the success of a development team, and I look forward to the opportunity to grow my skills and take on new challenges as a Django developer.

EMPLOYMENT HISTORY

❖ **Teacher, Rio Rancho Public Schools** Jan 2020 — Present
Rio Rancho, New Mexico

- Demonstrated ability to clearly and effectively communicate complex technical concepts.
- Utilized analytical and problem-solving skills to develop effective solutions to complex challenges.
- Maintained a high level of attention to detail while creating resources, grading assignments, and ensuring student learning objectives were met.
- Adapted to changing situations and requirements, modifying lesson plans and teaching style to meet individual student needs.
- Collaborated effectively with other teachers and staff members to achieve common goals and deliver successful projects.

These skills, honed through my experience as a teacher, demonstrate my ability to think critically, communicate effectively, and work well in a team, making me a valuable asset to any programming team.

❖ **Teacher, Midland Independent School District** Jan 2019 — Dec 2019
Midland, Texas

- Designed and executed engaging and meaningful lesson plans aligned with Common Core State Standards (CCSS) and curriculum scope and sequences, demonstrating expertise in curriculum development.
- Scaffolded instruction to meet the needs of diverse learners, including low-performing students and English language learners, demonstrating a commitment to inclusive education.
- Analyzed NWEA and IStation data to guide student intervention and inform instructional decisions, demonstrating a commitment to evidence-based practices.
- Worked effectively with colleagues to maximize the effectiveness of classroom instruction and create a positive learning environment for all students.

EDUCATION

❖ **University of Texas Permian Basin** Aug 2016 — Jul 2018
Bachelor of Arts | Multidisciplinary Studies Odessa, Texas
